

CYCLE STANDS

We are far from just a street furniture supplier

As designers, manufacturers and installers of street furniture, canopies and shelters, we pride ourselves on being the go-to experts that can offer you more.

We are determined to ensure that your outdoor space is vibrant, practical, aesthetically pleasing and functional, whilst offering you cost-effective solutions to your outdoor space planning.

As a company, we like to change the way people interact with the outdoor space, and how they view the landscape too.

We are determined to help organisations create outdoor environments that people enjoy walking through, interacting with or simply using it as a stopping and gathering point.

Our resources, flexibility and expertise often enables us to deliver more performance than your budget specifies and we will always go that extra mile for our clients when it comes to providing excellent customer service.

We are proud to have had over three decades of experience and expertise in our sector, allowing us to assist your organisation in choosing the right products for your individual scheme.

We are Bailey Streetscene

Eltham Cycle Trough

Incredible design saving space and costs, the trough alone for wall mounting or add with the rack for a stand alone unit. It secures the bikes in a completely vertical position in order to maximise the cycle parking capacity. The rack comes complete with locking loops to secure the frame, and a wheel which can help contribute towards gaining ENE8 Cycle

Available in a host of options and onsite in less than 72hrs.

Easylift Premium Cycle Rack

The highest selling two tier system in Europe!

Easylift Premium is a highly convenient gas-assisted two level bicycle parking system. The lifting system ensures that a bicycle can be parked on the top level effortlessly. The end of the light-weight aluminium upper track rests on the ground so that the bicycle can simply be wheeled onto it and hardly has to be lifted at all. The two levels mean that the parking capacity is doubled!

Versatile - Can be configured to meet the number of spaces you require

Compliant - Gas assisted system that requires little effort from the cyclist

Secure - Secure at the front and/or rear of the bicycle with chain or D-lock

Easy to use - Designed to be easy to use and operate

Standard sizes starting from L: 1025mm x D: 1900mm x H: 1700mm

Stainless Steel Sheffield Cycle Stand

Simplicity is the key here, as our massively popular root fixed Stainless Steel Sheffield Cycle Stand's basic design allows it to be used in any urban and rural landscape. It's a really cost-effective way to cater for your cycle users. It comes manufactured from grade 304 stainless steel or 316 stainless steel for more aggressive environments such as industrial or coastal areas.

Named after the Steel City, this cycle stand features a brushed satin finish as standard or has the option of a bright polish finish; it's also root fixed as standard or base plated for surface fixing.

Sheffield Toastrack Cycle Stand

The Sheffield Toastrack is our most popular cycle rack. It holds 10 bikes as standard and can be used as a stand-alone product or installed within a cycle shelter, which is always a popular choice to save space.

Manufactured from mild steel and hot dipped galvanised as standard, and optional powder coating to most BS or RAL colours, this is available in grade 304 stainless steel or 316 stainless steel for when you need a cycle stand to battle the elements or be placed in more aggressive environments such as industrial or coastal areas. Brush satin finish.

Our most popular colours are;

York Cycle Stand

Based upon the popular Sheffield hoop design, the York Cycle Stand has an integral sign panel. Manufactured from mild steel galvanised and polyester powder coated, this is a root fixed cycle stand with the option of being surface mounted.

As cycling is a fast-growing method of transportation, there is a real need for outdoor spaces to provide the facilities and products to ensure security for their owners. The York Cycle Stand allows you to do this, and also gives you a choice of colours to choose from too.

Harrogate Cycle Stand

Perfect if you are looking for a cost-effective cycle storage solution, the root fixed Harrogate Cycle Stand is manufactured from mild steel and hot dipped galvanised as standard. This is a popular design as it allows the bike to be secured by wheel and frame to prevent theft.

This cycle stand is also manufactured in grade 304 stainless steel, brushed satin finish with a semi-circular head, and gives you the option of being surface mounted plus having a powder coating (most BS or RAL colours are available). There is a real need for outdoor spaces to provide the products to ensure increased security for cycle owners, and the Harrogate Cycle Stand allows you to this economically.

Stainless Steel York Cycle Stand

Based upon the popular Sheffield hoop design, the Stainless Steel York Cycle Stand has an integral sign panel. Manufactured from grade 304 stainless steel with a brush satin finish, please note that grade 316 stainless steel is also available for harsher or more densely used environments.

Root fixed as standard, there is also the option of the Stainless Steel York Cycle Stand being surface mounted, whilst there is the option of having bespoke sizes with this product too. As cycling is a fast-growing method of transportation, there is a real need for outdoor spaces to provide the facilities and products to ensure security for their owners. The Stainless Steel York Cycle Stand allows you to do this.

Semi Vertical Cycle Rack

A superb space-saver, the Semi Vertical Cycle Rack is a simple space saving product ideal for high-density population areas such as stations, offices, shopping centres, car parks, universities and high streets - and can be used to help demonstrate compliance with BREEAM.

The racks are designed for a long tough life of heavy use, with minimum maintenance required and the bicycles can be secured with both front and rear wheels as well as a central locking loop. The Semi Vertical Cycle Rack is manufactured from mild steel and then hot dipped galvanised as standard, making it a flexible and extremely durable cycle storage solution.

Multiplicity Cycle Stand

Part of the contemporary stylish Multiplicity range, the Multiplicity Cycle Stand shares the subtle convex frame language of the benches, seats and table of its counterparts. Manufactured from a single aluminium casting, it has unique ergonomic features, and makes a superb addition to any outside area.

This gives the cycle user the safety and security that they are looking for, whilst you are providing an attractive, durable product to offer just that. There is a real need for outdoor spaces to provide the products to ensure increased security for cycle owners, and the Multiplicity Cycle Stand allows you to do this.

FGP Cycle Stand

The new FGP Cycle Stand offers security and style as it is a visually intriguing shape that echoes the form of a bicycle frame: perfect for any outdoor space. Aesthetically, it's a great addition to any school, park, office, or public space and as the rack is fixed to the ground at a single base it's easy to install.

As cycling is a fast-growing method of transportation, there is a real need for outdoor spaces to provide the facilities and products to ensure security for their owners. And the FGP Cycle Stand allows you to do this and looks great at the same time.

Sheffield Cycle Stand With Mid-rail

Named after the Steel City you'd be expecting a tough, durable cycle stand, and the root fixed Sheffield Cycle Stand with Mid-rail doesn't disappoint. It's one of the most popular cycle stands at Bailey Streetscene, as its simple design allows it to be used in both urban and rural landscapes.

Manufactured from mild steel and the hot dipped galvanised as standard, it's also available manufactured from grade 304 or 316 stainless steel for more aggressive environments such as industrial or coastal areas. It comes complete with a steel mid-rail which serves multiple purposes including adding an extra locking point for your bicycle.

Additional Options: Root fixed as standard with a surface mounted option available. Powder coating to most BS or RAL colours available. Bright polished finish or brushed satin finish. A rubber bung can be added for use as a door guard.
