

CREATING OUTDOOR SPACES TOGETHER

www.bsfg.co.uk

enquiries@bsfg.co.uk

The creation of the **Bailey Street Furniture Group** has been an ongoing project for several years, gradually merging brands specialising in **street furniture, cycle parking, bollards & barriers, shelters & canopies, outdoor sports and other external works** to create a group with expertise across the industry to better serve our clients.

We provide a full range of solutions for outdoor spaces, drawing on our in-house experience, technical knowledge and partnerships with global leaders in the street furniture sector.

“ Our mission is to enhance urban living by creating stimulating, functional, and sustainable outdoor spaces that enrich communities, improve well-being, and encourage people to be outside. ”

We are with you all the way - Design To Delivery!

Design

We have an award winning CAD team who employ BIM methods and can offer full drawings & renders at your request. Of course you will have some questions, and our technical teams will be happy to answer them.

Manufacture

With two manufacturing plants based in Cheshire and Lancashire, we have a combined 40,000 sq ft production facility where we create premium design-led street furniture.

Delivery

With our fleet situated at two manufacturing sites we're ideally placed and well-resourced to deliver a fast, efficient service, wherever your project is based.

Installation

From the initial site survey, we provide you with a dedicated installation manager who ensures your project runs smoothly from start to finish, in accordance with our strict Health & Safety and Best Practice.

Project Management

We want to work closely with you to make your jobs easier. As a trusted supplier, we can offer technical advice which can save you time and money. Something that nobody has enough of.

After-Care

Our work does not end once the project is handed over - our team is here to assist with any issues - and our products come with a warranty of 12 months.

Environmental

Bailey Street Furniture Group aims to put sustainability at the core of everything we do. Looking closely into our whole process from initial design decisions to manufacture and delivery.

**Recycled
Production Waste**

**Sustainable
Manufacturing**

**Low Carbon
Footprint**

**Promoting
Biodiversity**

**Responsibly
Sourced Materials**

Forest Stewardship Council (FSC) Certification is a global not-for-profit that promotes responsible forest management. Its trademark helps consumers identify products that support sustainable forestry.

Programme for the Endorsement of Forest Certification (PEFC) is a global organisation promoting sustainable forest management and responsible practices across the supply chain.

Nordic swan Ecolabel is the official sustainability ecolabel for products from the Nordic countries.

ISO 14001 is an international standard that provides a framework for organisations to design and implement an effective environmental management system (EMS).

Social

At Bailey Street Furniture Group, our commitment to **social responsibility** is woven into every aspect of our operations. We strive to make a positive impact through the following core areas:

Inclusive & Safe Product Design

We create accessible, inclusive products that prioritise public safety and usability for all.

Community Engagement and Charitable Initiatives

We actively support charitable causes and engage in initiatives that strengthen our local communities.

Health, Safety, and Well-being

We uphold strong safety standards and promote well-being for both our team and the wider community.

Equality and Diversity in the Workplace

We champion a fair, respectful workplace where diversity is valued and equal opportunities are ensured.

Customer Satisfaction

We are dedicated to delivering quality, listening to our customers, and continuously improving their experience.

Governance

Strong governance is the foundation of our commitment to responsible business. We believe in doing the right thing, transparently and accountably, across every level of our operations. Governance is more than compliance—it's our commitment to integrity, inclusivity, and lasting impact.

Ethics & Compliance

Company-wide Code of Conduct. Whistleblowing policy and annual training.

Data Protection

GDPR-compliant practices. Regular risk checks and staff training.

Supplier Standards

Ethical sourcing and supplier code. Reviews to ensure compliance.

Inclusive Leadership

Fair hiring and mentoring. Tracking diversity in leadership roles.

Transparency & ESG Reporting

Annual ESG reporting. Clear, open communication with stakeholders.

Partners

Bailey Street Furniture Group partners with some of the world's leading designers and manufacturers of design-led, architectural street furniture. This collaboration delivers an unrivalled breadth and depth of high-quality products, offering unmatched choice and diversity within the UK street furniture industry.

metalco

Metalco is an Italian street furniture manufacturer blending innovative design with a strong sustainability focus. A long-term BSFG partner, it creates award-winning, customisable products for inclusive, community-focused spaces using 100% renewable energy.

city DESIGN

City Design offers versatile, high-quality street furniture made from durable, sustainable materials including Corten steel, stainless steel, hardwoods and WPC. The brand uses 100% certified sustainable energy and actively reduces CO2 emissions.

landscapeforms®

Landscape Forms are a global leader in high-design outdoor furniture, lighting and structures. Available in the UK through BSFG, it combines American craftsmanship with sustainable, design-led solutions that enhance public spaces.

Westeifel | Werke

Westeifel Werke is a German non-profit manufacturer producing high-quality, FSC-certified street furniture. It employs over 530 people with disabilities, combining award-winning design with strong social and environmental impact.

outsider RETHINK URBAN SPACE

Out-sider is a Danish street furniture brand known for bold, sustainable Scandinavian design. Using recycled materials, its colourful, durable products suit a wide range of urban spaces and can be customised using the ViZU tool.

FINBIN®

FINBIN designs and manufactures high-end waste and recycling receptacles for public environments. Founded in 1945, its Scandinavian-designed products are used across urban and transport settings in over 30 countries worldwide. The company is headquartered in Finland.

Inter-company trading

Bailey Street Furniture Group is part of CROWD, North West Europe's leading street furniture and cycling infrastructure manufacturer. Founded in 2014, CROWD unites seven innovative companies dedicated to sustainable, functional public spaces.

As a **CROWD** member, **BSFG** benefits from a **broad product portfolio** and **shared expertise**, enabling the delivery of high-quality, future-focused solutions for modern urban environments.

WE SUPPLY OUTDOOR SPACES

BSFG & NBS Source

Making Specification Simpler, Smarter, and More Reliable

BSFG is a member of **NBS Source**, the construction industry's trusted digital platform for standardised **product information**, **technical specifications**, and **BIM data**.

Used by architects, designers, and specifiers, **NBS Source** enables efficient product research, comparison, and selection, with seamless integration into specification software such as **NBS Chorus**. This helps streamline the specification process, saving time and reducing risk across construction projects.

BSFG on NBS Source:

BSFG currently has 200+ products listed on NBS Source, each supported by detailed, up-to-date technical information. Our listings highlight:

- Sustainability and environmental performance data
- Compliance with relevant standards and regulations
- Clear technical specifications to support accurate selection
- BIM models available for selected products, helping designers integrate BSFG solutions seamlessly into digital workflows

By presenting our products through NBS Source, BSFG ensures specifiers can access reliable information **at the point of decision**, supporting better outcomes across design, specification, & delivery.

Supporting Better Specification:

Through our NBS Source membership, BSFG is committed to:

- Saving time for specifiers and designers
- Reducing project risk through accurate, standardised data
- Supporting digital construction and BIM-led workflows
- Promoting transparency around sustainability and performance

Continuing Professional Development (CPD) with BSFG

Enhancing environments. Empowering professionals.

At BSFG, we support architects, contractors, and facilities managers with practical, up-to-date CPD content focused on street furniture and public realm design.

Our CPDs are flexible, engaging, and independently accredited, ensuring they meet the highest standards and count towards your required CPD hours.

We offer a range of CPDs from Online Seminars, in person presentations, Videos, and factory tours.

Available CPD Topics:

- Maximising Accessibility in Public Spaces *
- Guide to Cycle Parking *
- Hostile Vehicle Mitigation (HVM) *
- Materiality in the Landscape
- Foundation Thinking: Shelters, Canopies & Walkways (Video)
- Achieving Design Excellence (Video)
- Metalco Factory Tour

* Certified by The CPD Certification Service

Why Choose BSFG: One trusted advisor & provider

Commercial benefits for choosing **BSFG**

Consistency in Quality & Design

*Ensures all furniture is uniform in style, materials, & finish, creating a cohesive aesthetic throughout.
Reduces the risk of inconsistencies in quality that may arise when sourcing from multiple suppliers.*

Streamlined Logistics & Delivery

*Simplifies coordination, reducing the likelihood of delays and logistical challenges.
Minimises disruption on-site by enabling more efficient scheduling of deliveries.
Consolidating deliveries cuts down carbon emissions and fuel consumption.*

Cost Savings & Discounts

*We offer bulk discounts and more competitive pricing when supplying complete packages.
Reduces additional costs such as multiple delivery charges and supplier management expenses.*

Easier Supplier Management

*A single point of contact simplifies communication, contract negotiations, and issue resolution.
Reduces administrative workload associated with procurement and supplier coordination.*

Improved After-care & Warranty Services

*Easier to manage warranties, replacements, and maintenance.
Priority service and support.*

Reduced Risk of Compatibility Issues

*Ensures all furniture is designed to work together, avoiding mismatched sizes, colours, or styles.
Helps ensure compliance with PBSA regulations and industry standards.*

***“ It’s not the buildings, it’s the
spaces between the buildings that
are important ”***
