

FGP Cycle Stand

The new FGP Cycle Stand offers security and style as it is a visually intriguing shape that echoes the form of a bicycle frame: perfect for any outdoor space. Aesthetically, it's a great addition to any school, park, office, or public space and as the rack is fixed to the ground at a single base it's easy to install.

As cycling is a fast-growing method of transportation, there is a real need for outdoor spaces to provide the facilities and products to ensure security for their owners. And the FGP Cycle Stand allows you to do this and looks great at the same time.
